FOURTH SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with 37 C.F.R. 1.97(d), the materials listed on the enclosed PTO/SB/08a form are brought to the attention of the Examiner. The fee of \$180.00 in accordance with 37 C.F.R. 1.17(p) is being paid by credit card.

Each item of information contained in the Information Disclosure Statement (IDS) was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the IDS.

An Office Action was issued by the Japanese Patent Office in a counterpart Japanese patent application on September 28, 2009. A copy of that Office Action is enclosed.

JP 48036541 does not appear to have an English language equivalent or abstract. It appears to show a cylinder or a roller, generally at B in Fig. 1. An inner body 26 appears to be covered with an intermediate, porous layer E and an outer shell C.

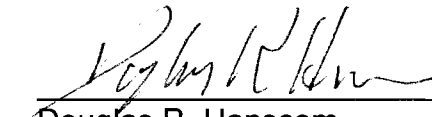

JP 9501763 appears to be the equivalent of WO 9533932. An English language abstract for that document is enclosed.

Entry of these materials into the file of the subject U.S. patent application, and their consideration by the Examiner, is respectfully requested.

Respectfully Submitted,

Martin BECKER et al.
